## Possible timeframes

### Preparation

Starting from now until 25<sup>th</sup> of July 2011

The concrete schedule of the event will be set up during this phase.

Although there's still time left until the World Championship gets started, the organisation has partly begun. We're currently searching for sponsors, signing contracts with fitters and we're working out our official website. Further duties are the creation of volunteer's work schedules and the preparation of the location.

### Mounting and assembly

25<sup>th</sup> of June - incl. 1<sup>st</sup> of August 2011

During this stage the venue needs to be further prepared for the World Championship.

This phase will require a lot of physical strength. There will be a lot of organisational work – also in our various offices. The sports office for example will welcome riders and horses from all over Europe and USA.

### Event

1<sup>st</sup> of August – incl. 7<sup>th</sup> of August 2011

It's Showtime! Now the event gets started and there's quite a lot of work to do – selling tickets, serving drinks, cleaning toilets, looking after judges and officials and so on. A lot of volunteers and your organisational talent will be needed. In this phase we'll offer a great variety of different duties.

### Dismantling

8<sup>th</sup> of August – incl. 15<sup>th</sup> August 2011

At this stage the location will need be cleaned up and temporary buildings (i.e. stands) will be dismantled. Also the final accounting and other duties in financial administration will need to be done.
